

# Marian Regional Medical Center

A Dignity Health Member

February 13, 2013

To Whom It May Concern,

This letter is a recommendation for Brandt Design Group. Deborah Brandt provided Interior Design Services for our 235,000 square feet, \$218,000,000 New Hospital Project which opened in May of 2012.

Deborah did an excellent job of providing complete and timely design services for the project. The design for the project was Mission-style both in architecture and interiors. The color palette as well as the finish materials used by Brandt Design kept the Mission-style theme throughout. Based on feedback we have received, our entire community as well as our patients and visitors are extremely pleased with the appearance of the New Hospital, both inside and out.

Brandt Design is well-versed in the latest in interior finish materials and the firm is sensitive to the maintenance and upkeep required for a medical center design. Deborah is responsive to the owner's requests as it relates to specific design materials and she works extremely well with the hospital staff in the development of the overall scheme. She meets the time deadlines imposed on the project.

We would not hesitate to recommend Brandt Design to anyone contemplating a medical center design project.

Sincerely,

Charles J. Cova  
President & CEO

S. Craig Miller  
Vice President, Construction & Real Estate
