To whom it may concern:

It is a pleasure for me to recommend Deborah Brandt and Brandt Design Group for interior design needs for your project.

I have worked with Deborah for the last 13+ years on various Dignity Health projects. Those include:

- Chandler Regional Medical Center, Chandler, AZ
- Mercy Gilbert Medical Center, Gilbert, AZ
- Marian Medical Center, Santa Maria, CA
- Sequoia Hospital, Redwood City, CA

Square footage of all of these projects is approximately 800,000+ with an accumulative budget of over 600 million for which Brandt Design Group provided full interior design services for. Deborah and her team have demonstrated a professional and ethical caliber throughout all of these projects.

Areas in which I have grown to appreciate Deborah's skills are varied. She is detailed oriented, knowledgeable of products, listens well to client needs and desires and is a true team player. She is extremely reliable and responsive, skillful in the development of healing environments and keeping up with the latest important trends in healthcare design.

Dignity Health has been more than satisfied with her and her team's responsiveness and leadership throughout the years which has provided our organization with a level of comfort and sense that we know we will be "taken care of". We have established a relationship of trust and mutual respect with Deborah because of her consistent care and integrity she brings to our projects.

It is without hesitancy on my part or Dignity Health Corporation that I would highly recommend Brandt Design Group for your consideration.

Sincerely,

A handwritten signature in black ink, appearing to read "Dave Jarrett", with a long, sweeping horizontal line extending to the right.
