To Whom It May Concern:

It is my pleasure to provide this reference for Deborah Brandt and Brandt Design Group, Inc. for the excellent design services provided to Sequoia Hospital for our new Pavilion, which opened in October 2014.

Deborah's selection of materials, colors, and design were perfect for the look and feel we wanted in the new Sequoia patient Pavilion. She visited our community of Redwood City and incorporated aspects of our community into the overall design.

When the new Pavilion opened, we received many compliments from visitors, patients, employees and physicians about the beautiful interior design work provided by Brandt Design Group. The final product provides a healing environment for our patients and caregivers.

I can recommend Brand Design Group without hesitation to anyone considering this company for their hospital interior design work.
